Lee Shippey Writes On Our Town

THE REAL TROUBLE with brainwashing is that it never cleans.

SKIPPING LIGHTLY to other subjects, a city like Sierra Madre must maintain high standards or else lose much that makes it charming.

Sierra Madre is perfectly located to become one of the choicest "bedrooms" for Los Angeles. That is, it is close enough to the big city to be in easy reach of all its attractions yet it is right at the foot of noble mountains and wilderness areas which offer complete and refreshing change from big city bustle and big city problems — if we progress in the right ways.

ONE NEED walk — not ride — only 30 minutes up one of our mountain trails to be able to look back on wonderful and inspiring views and reach areas so nearly primitive that careless hikers continually fall over cliffs and have to be rescued by our famous Mountain Rescue team, and possibly see deer and, sometimes, even mountain lions, not to mention singing streams and canyons garlanded with ferns and lupine, with tall and fascinating Mt. Wilson Observatory within reach of those still hardy enough to hike that far.

But due precautions must be taken to prevent grading out of natural waterways, face-lifting of property without due regard for its effects on drainage and possible earth slippage and the proximity of brush which might possibly menace it with the unforeseen calamities which swept Bel-Air — and also protect it from becoming a hodgepodge of careless and inartistic development. Otherwise even such a heaven-blessed place as Sierra Madre could go wrong.

INCIDENTALLY, an interesting interview in Los Angeles Times asserts that many persons who joined in the rush to the suburbs now have a new fad — they are joining the rush into high-rise apartments.

That reminds us that a few years ago the loftiest ambition of fad-following New Yorkers was to live in a penthouse.

But that seems to have faded out and uncrowded suburban living still has charms no penthouse can match, and I hope no penthouses will be built in Sierra Madre.

They would rob Sierra Madreans of the daily and continual opportunity to lift up their eyes unto the hills, whence come their inspiration.

Red Cross Fund Grows

With \$3,500 subscribed to date, the American National Red Cross Pasadena Branch in Sierra Madre yesterday approached the half-way mark in its fund campaign. The total goal is \$7,147. Fund Chairman J. Carl Brand indicated that if the subscriptions continue at the present rate the goal will be reached by March 31, expiration date.

Young Deer Taken

R. A. Carter of 182 E. Mira Monte spotted a young deer running in the street in front of his home Saturday. Soon after, Cornelius G. Willis succeeded in tying the deer to a post from which it was taken in charge by the Humane Society.

Loot Put at \$20,000

Quick thinking by Thomas M. Schwartz of Sierra Madre Hardware, and alert action by Police Officer David G. Benscoter late last week brought arrest of two women and two men in connection with a hit-run, nationwide check-passing ring in which four Sierra Madre dealers were victimized and which, authorities report, yielded the accused \$20,000 in operations from Indiana to the West Coast.

A third woman escaped and is thought to have fled to the Midwest. Schwartz, whose store cashed one of the four checks, each for \$80.66 in Sierra Madre, became suspicious during the operation in which the two women presented what apparently were "gilt-edged" credit cards. Quietly, he asked an employee Ray Smith, to check the license number on the

women's old green Oldsmobile parked outside.

YOUNG MILLER, together with Ron Thurston, obtained the license number. This was late Saturday afternoon. Schwartz had to wait until Monday morning before contacting P. J. Fobert Manufacturing Company at 1720 Cloverfield Blvd., Santa Monica, on which the check was drawn.

Mr. Fobert and his partner, Lawrence Sanareth, informed Schwartz that the

News and advertising are the principal commodities which make a newspaper.

Without either a newspaper dwindles in significance, importance—and friends. It also dissipates itself unto nothingness and, in the end, will disappear from the field.

The SIERRA MADRE NEWS, already producing more local and area news than ever before in its 53 years history, is anxious to increase the volume of its news about people in its own field.

'Boo-Boo,' 'Goof' In Dictionary

One of the many volumes purchased for the Sierra Madre Public Library from the \$500 donation of the Hawkes Family, who are one of the pioneer families that came to Sierra Madre in 1881, is the Webster's Third New International Dictionary.

This tome of 2,662 pages is one of the leading controversial books of our time. Among the controversial words found in this "respectable" source of information are: Boo-boo, Den Mother, Finalize, Foetie, Goof, Schlemiel, and Two-way Stretch.

You are invited to see this book at your public library. And, if you are further interested in etymology, the famed Oxford English Dictionary was also purchased from this donation.

Dr. Groth Sr., Observes His 85th Birthday

The venerable Dr. George W. Groth Sr. observed his 85th birthday anniversary Saturday, St. Patrick's Day, and on the next day, Sunday, surrounded by members of his family, good wishes from those absent and likewise from his numerous friends. For the two days the Groth home at 147 N. Baldwin was buzzing with activity.

Dr. George W. Groth Jr., studying at the University of Vienna in Austria, phoned his felicitations and a tape recording came from the eldest daughter at Kennewick, Wash., telling of her family's activities there and expressing best wishes for her father.

Mrs. Gay, 91, Passes Away

A Sierra Madrean for more than 45 years, Mrs. Mary Holmes Gay, 91, formerly of 78 S. Hermosa, passed away on March 20 in Sierra Madre Community Hospital. She was a registered nurse who worked in the City of Hope at Duarte.

With her late husband, Allan T. Gay, they built the present mortuary facilities known as Ripple Mortuary. Originally from Rippegate, Vermont, Mrs. Gay, a Californian for 53 years, is survived by a cousin, Mrs. Charles T. Speer of San Francisco.

Services will be Friday at 2 p.m. at the Ripple Mortuary Chapel, with Rev. George W. Lindsay officiating.

Meeting of Teens

All teenagers living with only one parent are extended an invitation to attend the organizational meeting next Sunday, March 25, at 3:30 p.m. at the home of Suren Ellen Gould. For further information call ELgin 5-7395.

Legion Post Here Looms

A move to organize a new Legion Post has been set under way in Sierra Madre. For several years now there has been no organization of this sort here.

Booster Ticket Sale For S. M. Baseballers

By Mrs. Phyllis Bennet

"I'M A BOOSTER" is the legend on the tickets, and a Baseball Booster you will be when you buy your tickets from a Little League, or Minor League team member.

The donation of 50 cents a ticket will make you eligible for the award of an electric wrist watch, which is the gift of our own Byron Hopper.

Mr. Hopper, whose jewelry shop is at 74 W. Sierra Madre Blvd., is not only a baseball booster but has always been a generous donor to youth activities in our city.

The other major award is four Dodger tickets, to a Dodger game in their new stadium, given by the Dodger organization.

The 8 to 12-year-old boy who sells you your tickets is making his work contribution to his team. He is raising funds to help buy the finest playing equipment available to Little League.

The boys will be selling tickets from March 23 to April 14. Winners of the awards will be notified April 28, after Opening Day Ceremonies.

Red Ouster Petitions Get Many Names

"Freedom shall not perish!"

This might well be the theme song of the tireless Sierra Madre petition circulators working night and day to help get the 500,000 signatures necessary to put the initiative measure to outlaw the Communist party in California on the state ballot next fall.

This was the statement made by John H. Curtis, president of the Sierra Madre Chamber of Commerce, coordinating the campaign for anti-Communist signatures in this area.

The Board of Directors voted unanimously last year urging outlawing of the Communist party in California and nationally, which puts the local chamber squarely back of the statewide petition campaign, said President Curtis.

APPRECIATION was expressed by Curtis to the many volunteer workers who are circulating petitions, the many local signers, the First Western Bank where a table is maintained for petition signing and the Sierra Madre News for its publicity.

HONORED GUESTS will be the past presidents and charter members of the Civic Club.

Mrs. J. Bruce Tyler is the coordinator for the hair style show, and Mrs. Richard Barden, coordinator for the dress fashions.

Hostesses for the evening will be Mrs. Keith Mankin, Mrs. M. W. Howard and Mrs. Carl Souder.

Annual Used Book Sale Is Community Project

Heralding spring as unfailingly as the legendary robin and Capistrano swallows will be the annual Used Book Sale for Children and Adults held April 12, 13 and 14, under auspices of the Sierra Madre Library. Mrs. Mary Tumilty, chairman, has announced a number of preliminary activities planned to insure success of this outstanding community project.

Among those participating are youth groups including the Camp Fire Girls, who are making posters for display in the schools, and the Mariner Ship Sea Nymphs who are handling the poster assignment for business establishments.

The girls of Mariner Ship, Novia del Mar, will cover boxes to be used as book depositories in the shopping area. Twenty-five hundred announcements of the sale have been distributed among Sierra Madre school children to take home.

Those having books to contribute may leave them at the library, in the depositories or call Mrs. Mary Tumilty, ELgin 5-9562, for home collection.

Revamping of Street First Task to be Done

(See Editorial on Page 9)

For almost eleven months this newspaper helped Toyon Rd. property owners fight their valiant, successful battle against a Pasadena subdivision. Following many difficulties and the expenditure of their own funds after cobwebbed preliminaries were shoved aside and City Council assisted them, they emerged victorious.

This newspaper believes that City Council will aid the N. Sunnyside property owners attain a proper and reasonable degree of protection from floods, mud-packing and water if the residents there will display the necessary cooperative spirit, not hysterically appealing to an out-city newspaper, but in sitting down and dealing earnestly and sanely with the city fathers.

The SIERRA MADRE NEWS reminds the N. Sunnyside Home Owners Groups that when they brought their side of the situation to this newspaper, we published that in its entirety.

PERMANENT SOLUTION of the N. Sunnyside situation depends largely on a storm drain extending from the hillside at aFView, down N. Sunnyside past West Grand View to W. Sierra Madre Blvd., and with a proper outlet as far south as Orange Grove.

This will cost approximately \$50,000 and chances are will mean an increase in the present city tax rate of \$1.54 per thousand valuation.

The SIERRA MADRE NEWS can announce today that what may be regarded as the preliminary work in this respect has been set under way by City Council and City Administrator Lawrence C. Bevington. While the N. Sunnyside Home Owners Group met Tuesday night at the Kevin B. Kirsch home, 412 N. Sunnyside to deliberate on the situation which bids fair to become a factor in the forthcoming city election on Tuesday, April 10 when three councilmen will be chosen by the voters, the city was already moving to make effective the first step in affording flood relief to that area.

HERE IS a description of the initial work:

"The work in general consists of improvement of N. Sunnyside Ave. including removal of the high center crown of existing asphaltic concrete pavement, gutters, sidewalk, R. C. box culverts, catch basin, driveway aprons and broken or cracked curb, excavation to grade and one tree removal. Also disposal of all items.

"Construction of concrete curb, gutters, sidewalk, driveway aprons, asphaltic concrete paving and appurtenant work, all shown on the drawings and specified herein.

"There may be some variance in the height of curb or width of gutters but all will be measured and paid at the same lineal foot price.

"The contractor shall remove tree roots as necessary to prevent recurrence of damage to the street while the curb or gutter is removed.

"Manholes and water valve sleeves shall be adjusted to finish grade.

"At the corner of Sunnyside Ave. and Sierra Madre

TWO HUNDRED guests attended the reception immediately following in the Chapel of the Roses.

The bride is the granddaughter of Mr. and Mrs. W. S. Matticks, long-time Pasadena residents, who will observe their golden wedding anniversary in September.

The bride, who carried a white prayer book and a bouquet of white carnations and Cattleya orchids, wore a Chantilly lace over taffeta gown of ballerina length, with a Basque bodice and Sabrina neckline. Her tiered skirt was of scalloped lace. Her illusion veil was held in place with a small illusion and pearl crown.

THE MAID OF HONOR, Miss Lois Jackson, carried a crescent-shaped bouquet of chartreuse carnations and Cattleya orchids. She wore an apricot silk organza over taffeta sheath with an overskirt gathered with a bow detail at the skirt front and with a portrait neckline.

The junior bridesmaids, Miss Christine Taylor and Miss Lynn Taylor, each carried a crescent bouquet styled with pink carnations and hyacinth trim. They

The PLAZA Shop Talk
By Sewall Clark

HAVE YOU ever seen the slum area of a big city where, in the dark corridors of the "asphalt jungle," people put flower pots on their window sills? Sad but true — and yet there are times when a single flower may contain more inspiration than an orchid farm.

Some of us in this blessed area are so accustomed to beauty we could walk into the midst of Paradise and see absolutely nothing except leaves to be raked and wonder who banged the lid to the garbage can. Maybe just about everything is a matter of focus.

SOMETIMES my own focus is not too good at the Plaza Shop; can't see a dress for the dresses — especially if my wife, Trudie, is out for lunch and I'm the dumb husband left alone to face the customers. That's when six women walk in, I turn into a wooden Indian with ten thumbs — and it goes something like this:

"I'm looking for some stretch pants." (Huh?) "What a beautiful dress, if only it didn't button down the back where I can't reach it." (Madam, don't you have a friend?) "Where's the price tag?" (Think of something, Clark; don't snitch on the little boy who was tearing them off.)

"I LOVE this material! Is it washable?" (Trudie, wherever you are, please hurry!) "This fits me like a dream, but it says size TWELVE and I'm a TEN!"

"Vanity, thy name is woman!" (Forget the tags; they could be wrong too.) "It feels wonderful on me, but do you think it's a bit snug?" (My dear, it was meant for you, but even though I'm an old married man I still don't dare explain it.)

ONE WOMAN asked: "Do I owe you some money?" What a wonderful customer, but I couldn't find the bill. So, during my panic, she leisurely examined the garment "scene" with focus on one piece at a time.

Instead of "thumbing the racks" like a professional shopping scout, she gently searched, discovered — and bought another garment. She found her "single flower."

NOT TOO incidentally, the Plaza Shop is now "in negligence!" The June brides got us started in that department — copies of Paris fashions as described in Reader's Digest last July. Feigning, "Baby Dolls" (isn't that ridiculous?) and other flimsies which I refuse to discuss.

And please don't try them on while Trudie is out to lunch.

Ranch Roundup

By
Joyce Wenger
SYcamore 8-4777

We all have some knowledge of American free enterprise, self reliance, ingenuity, integrity, and the spirit of the pioneer, and last week some 96 of us saw these qualities personified in one individual, namely Walter Knott.

Walter Knott, with his devoted and close-knit family, has built a roadside berry stand into the nationally known and loved Knott's Berry Farm. Not just an amusement park and restaurant, but acres of carefully restored Americana.

You might think that a man of Mr. Knott's success would now rest of his laurels, but such is not the case, I'm happy to report. He is chairman of the board of the California Free Enterprise Association, a nonpartisan organization devoted to the preservation of free enterprise.

LAST WEEK Mr. Knott addressed our Republican Women's Club and we're still talking about this wonderful man and his message! We also view his inspirational film strip, "The American Heritage," which won a Freedom Foundation Award. Mr. Knott stressed he is a farmer and doesn't know anything about making films. My answer to that without meaning to be facetious—"professionals should do so well!"

This remarkable gentleman, speaking from his heart, painted graphic word illustrations of our country's founding, the westward trek of the pioneer, how many families traveling west were forced to lighten their wagon's load leaving precious belongings and supplies along the rugged route. They struggled on, arriving in California empty handed. The government was too small and too far away to be of help, but the people had self-reliance and spirit and the will to build a civilization where there had been only wilderness.

HE WAS CRITICAL of our present day dependency on the Federal Government. "When a community desires to add a hospital wing, they first go to Washington for a government handout," he said, tracing the beginning of Socialism in our nation from the passage of the income tax law in 1913.

Referring to bigger bureaucratic government, Mr. Knott said, "Bureaus never die, they just multiply." Well Mr. Knott, we hope your message and film are multiplied a thousand fold throughout America!

LIGHTS HAVE BEEN burning late at the Shakespeare Club where the Jesters are rehearsing the zany musical which opens to night, and plays through Saturday. Donna Gilmore has created some colorful costumes. Clare Fromme, Betty Wyatt, and of course, those clever writers—Chuck and Betty Coates—are all involved in the production. Tickets may be purchased at the door.

TRAVEL TALK: Chuck and Jane Hurter were Palm Springs-ing last week. Bea and Craig Boorey will escape to San Francisco this weekend, minus the children of course! Bud Howell will drive to Stockton for the "Father-Daughter weekend" with Carolyn at the University of Pacific.

The William Lawsons are straying a bit farther from home. They'll leave today on **Matsonia for Honolulu.** A capable and loving nurse will care for the boys, and the Lawsons' wee baby daughter!

HASTINGS RANCH Cystic Fibrosis Guild members are meeting at Mrs. Richard McClain's home on Highland Oaks Dr. this morning. Mrs. James Ritter and Mrs. John Goodlad are co-hostesses. Mrs. Darrell Wright, guild president, will present nominations for next year's officers.

MOVING DAYS, homes for sale or sold, new school enrollments, and interior decor are the most likely conversational topic at the above mentioned C.F. gathering, because so many members are involved in doing just that—**MOVING!**

The Charles Hardisons, (Phyl) was the Guild founder, are moving up to Fairpoint to the home presently occupied by Dr. and Mrs. Clate Dorsey. The Dorseys, I'm happy to say, will move just two blocks north to Vossburg St.

Nancy and Gene Rode will also move to Fairpoint St. and the former home of Marg and Dave Elmer, now of San Francisco.

Jane and Ralph Johnston have purchased a larger home in Arcadia to accommodate their growing family. By the way, 10-year-old Barbara had a tonsilectomy operation Tuesday.

MORE GUILD members on the move: Marguerite and Harold Hennacy and their four youngsters are now at home on San Pasquel St. in Chapman Woods. Mrs. Hennacy is the C.F. Bridge Tournament chairman and an active member of the Stanford Junior Women's Club.

Jeanne and Forrest Paxson and Jo and Victor Caffee have left their Coronet homes and moved to the top of the Ranch.

Pat and John Norris have purchased a home on Mendocino, (near the golf course), in Altadena. Forgiveness, Pat, but since your new home was formerly owned by friends of mine and has always been one of my favorite Altadena houses, I'd like to mention a few of its lovely features. Spacious two-story Mediterranean Villa by design, compete with drive-in courtyard, oodles of room for gracious entertaining—and more important, plenty of growing room for the four Norris youngsters!

ELAINE AND BUD DEWEES are moving to Chapman Woods soon. Elaine has turned over her duties as division chairman of the county Republican precinct organization to Dick Wagner. But she's not entirely off the hook; she'll continue as precinct chairman for the Women's Republican Club.

THE WARREN BACON'S have sold their Greenhill Rd. home and will move to a motel until the builder completes their new home at the top of Sierra Madre Villa.

MRS. LEVERIE HUFF gave a farewell luncheon honoring Kitty Norris last week. Kitty, Bill and their four children are moving to larger quarters on San Pasquel Ave. near Cal Tech. Luncheon guests were Jane Hewett, apt. Begun, Joan Ollweiler, Mary Jean Wright, Julie Bremer, Nancy Rode, Liane Putnam, Elaine Marfoglia and Edna Meason.

WONDER WHAT gimmick Betty Coates will produce next Tuesday when she again auctions the Las Jardenas Home and Garden Club's white elephant sale. Last year she had GREEN hair. The John Norris home on Canfield will be the setting for this event, which Mmes. Baber Howell and Russell Pooler are co-hosting.

Club members will use the money from the sale for this year's special project—unusual gift baskets of notions and luxury items for a senior citizens home.

La Salle's Cagers Feted by Faculty

The Santa Fe League champions and second place finalists in the California Interscholastic Federation basketball playoffs were feted by the La Salle faculty last Thursday night, March 15, at a steak dinner.

Tom Young, team captain and spokesman for the Lancers Champs, presented Coach Duffy Lewis with a scrapbook containing the clippings from area newspapers covering the successful season.

Mr. Lewis then awarded each team member with an engraved gold basketball for the league championship and a silver CIF basketball for their achievement in the playoff series.

COACH LEWIS ended the pre-dinner festivities by quoting a much appreciated letter of commendation from Chuck Johnson, sports editor of the Tidings.

LA SALLE DEFEATED Temple City, St. John Vianney, Fillmore and Banning in the playoffs, and finally succumbed to the CIF defending champs, Bell Gardens, in the finals, 70 to 62. Revenue garnered from the series will purchase additional seating for the La Salle Gymnasium.

FRED EDMONDS of 1095 Daveric, Hastings Ranch, director of public relations at Saint John's Hospital, Santa Monica, was elected district commander of the United States Power Squadrons, last Saturday at its annual conference in the Ambassador Hotel, Los Angeles. The USPS is devoted to presentation of free classes to the public on small boat handling and navigation. The Southern California District extends from Santa Maria to San Diego and inland to Phoenix, Ariz.

Ranch Nursery to Hear Talk on 'Family Living'

Hastings Ranch Nursery School will present an exceptionally interesting evening on Thursday, March 29 at 7:45 p.m., beginning with an open house to give the parents an opportunity to see their children's work.

Following the open house, those attending will have the pleasure of hearing Gary Broman give some timely ideas concerning "Ways to Enrich Family Living."

Broman, the new associate director for the College at Pacific Oaks, has long been interested in learning more about the motivational forces affecting young people in a complex society and has had the desire to do something constructive about it.

BROMAN ATTENDED the University of Cincinnati, Ohio State University and Brigham Young University where he received a B.S. in psychology and an M.A. degree in child development and counseling.

His studies in these areas related to the growth and development of children—the effect of family and cultural influences upon how they grow—provide the answers to many of his questions about what makes people act the way they do.

Friends of Hastings Ranch Nursery School, as well as parents, are cordially invited to hear this interesting speaker.

Lancers Put Two Men on AA 1st Team

The La Salle Lancers, basketball champions, placed two men on the All-CIF AA first team, it was announced today by the California Interscholastic Federation office.

Six-foot-five center Dick Kolberg, and six-foot one guard Tom Young have rendered standout performances for La Salle all year. Their ability extends beyond the environs of the basketball court, for both are outstanding students.

Senior Kolberg, son of Mr. and Mrs. E. E. Kolberg, 2436 Treelane Ave., Monrovia, blistered the baskets for 369 points this season, averaging 13.8 points a game. During the ten league tilts Dick compiled 164 points, a 16.4 average. Dick has, at the same time, garnered a firm B average in college preparatory subjects.

Tom Young, also a senior, is the Lancers' team captain. His parents are Mr. and Mrs. J. D. Young, 1991 San Salvatore Place, San Marino. In the five CIF playoff games, Tom averaged 19.8 points a game and chalked up a 17.7 average for the season.

Tom is ranked tenth in his class of 114 seniors, which includes tough competition from 22 state scholarship semifinalists and four National Merit finalists. Carrying a full schedule of academic subjects, and high-pointing in science and math courses, Tom is slated to graduate with honors in June.

I feel rather good today. For six years, come St. Patrick's day, I have had what my husband calls my "green" column. I get just as Irish as is allowable for an old "kraut-head."

This year, I let it get by without a word and, oh, the protests I've had! "Whatta matt", you mad at the Irish or something, how you notta writta bout them? "How about that, I have a reader!"

I really didn't ignore the day at all; matter of fact, the entire family still looks a little jaundiced from all of the food coloring they were forced to eat from morning till night.

By nightfall, I'll tell you, those Irish eyes weren't smiling around here—they were weeping green tears! Well on to Easter.

I WAS FINALLY able to get hold of Mrs. Edwin (Margaret) Pyle of Old House Rd. She is like the man called "X," always on the go. Firstly, horse fanciers will be happy to learn that her stallion "Something Blue," won the championship in the Fine Harness class at the recent Date Festival show at Indio. He started out with a most discouraging show, but came up to his true colors.

LAST FRIDAY we had a "W.O.F." Brunch. I naturally inquired what is W.O.F. and found that it means Women of the Family. They have been doing things together as a unit for years.

This party came as kind of a surprise shower for Mrs. Ted Weersma who is expecting her first child shortly. Her mother, Mrs. M. E. Straughan, joined the group. She came down from San Mateo to be with her daughter.

The other guests were Mrs. C. E. Tindall, Mrs. W. K. Tindall, Mrs. William P. MacBeth and Mrs. Ron Perry.

Last Sunday Margaret took her 86-year-old mother, Mrs. W. K. Tindall, and her 4-year-old grandson, "Bodie" Perry, on a flying trip to Phoenix and back. This was his only request for a birthday present—to go in a plane. They jetted one way and engineered the other so he could sample both.

SOME OF THE WOMEN on the hill are taking advantage of our golf club and have gotten a beginning foursome together to take lessons. Most recent enlistees are Mmes. George (Esther) Stevenson, Ralph (Mae) Gleim, Wells (Nancy) Pleas, and W. P. Rittenhouse.

SPEAKING of Mrs. Rittenhouse, they played hookey a weekend ago to go down for "fun in the sun," or something like that, Palm Springs way. She said the weather was lovely.

They are looking forward to Bill, their oldest son, coming home for his spring vacation from Stanford. He'll arrive tomorrow.

HAD FUN bridging the other day with the Villa Guild of the Rosemary Cottage at the Mrs. Ira Lackey home. It's a bring your own sandwich party and loads of fun. Those playing Monday were Mmes. Edward Halperin, F. R. Anderson, Joseph Mangano, George Holmes, E. Marshall Harris and Norman White.

MR. AND MRS. WELLS PLEAS of Windover Rd. had a pre-theater cocktail and buffet dinner last Sunday night before going to see Zasu Pitts at the Pasadena Playhouse in "Everybody Loves Opal," sponsored by the Ascension Church of Sierra Madre. Her guests were Mr. and Mrs. Ronald Garretson, Mr. and Mrs. Robert Kern, Mr. and Mrs. William Rittenhouse and Mr. and Mrs. Edward Rosic.

MR. AND MRS. MORGRIDGE of Moyer Lane were among the week-end skiers at Mammoth last weekend. They were also on that busload that went up to Aspen for the week recently. The skiers are really having a time this year.

MR. AND MRS. ALLEN STEARNS of Country Lane returned last week from "Learn To Ski Week" at Sun Valley. They took their two children, Laura and Ralph, and their two nephews, Tim and Jeff Crawford. They also went up with Mr. and Mrs. Hal Leffingwells and their two sons, Craig and Charles. The Leffingwells are former Ranch residents.

The third party in their group was the Andy Davis family of Sherman Oaks with their two children, Lanae and Jay.

CDA Court Greets New Members

Court Queen of the Rosary No. 1635, Catholic Daughters of America held a reception for new members Tuesday night at St. Rita's School Auditorium.

Committee Chairman, Mrs. Paul J. Schuergens was assisted by Mrs. Peter Messe, Mrs. William J. Greene, Mrs. Raymond C. Herold, Mrs. Dan Wiebe, Mrs. James Walshe, Mrs. Edmund Smith, Mrs. Ross Shipley, Mrs. Francis Powers, Mrs. Chester Burski, Mrs. Anthony DePasco, Mrs. Peter Geissler, Mrs. William Dillon and Mrs. Silvio DeLude.

The refreshment table was covered with lace table cloths and the center piece was a Madonna statue surrounded with calla lilies. In the hands of the Madonna was a small blue rosary sent from Lourdes, France, to a member of the court as the title is "Court Queen of the Rosary."

Assisting at the silver service were Mrs. James Walshe and Mrs. Francis Bowers, past grand regent of the Court.

THE CAKE was decorated with the court colors—purple and gold and was inscribed "Welcome New Members." Pink camellias were attractively arranged on the lace covered tables for all guests and members of the court.

Guests included Rev. Thomas O'Malley, court chaplain; Marie Flynn and Helen Becker, Court Hollywood; Irene Gualano and Marguerite Simpson, Court San Gabriel; Margaret Robinson and Doris Proctor, Court Mary Magdalen; Sylvia S. Anderson and Margaret Rosauer, Court Mary Immaculate; Mrs. Marian Henning, president Camp Teresta Pines, and Clara Nelli, chairman of education.

Make Motor Trip to San Francisco

Mrs. DeForrest Baumbach of 312 Sycamore St., accompanied by her sister, Mrs. Esther Koch of Williams-town, Mass., a guest at her home, motored to San Francisco over the weekend.

En route they visited the Hearst Castle at San Simeon, were luncheon guests of Mrs. Bella Sanders of Morro Bay and overnight guests of Mrs. Baumbach's son, Darrell, and family of Mountain View, Calif.

On their return they received word of the sudden death of their father, Stanley Brainerd of Cedar Rapids, Ia.

THEFT FROM CAR Mrs. Ruth M. Saadi of 390 Mariposa, teacher in Pasadena schools, advised police that a spare wheel and tire were stolen from her car, possibly while parked in either Pasadena or Los Angeles.

Neutzell Apartment House Application Is Held Over

The plan of former City Councilman Henry B. Neutzell for an initial apartment development of around \$200,000 which could eventually climb to about \$1 million, placed before the City Planning Commission during a 90-minute session last Thursday night, was put over until the commission's next regular meeting a month hence.

Former World War flier, now engaged in private flying for a company ferrying supplies and personnel overseas to Asia and Europe, and who resides at 700 Acacia, Mr. Neutzell, with his associates, seeks a change so that the 50-acre site may be rezoned from R-1-15 to R-3. They assert such a change will prove more advantageous for both city and adjoining property owners. The exact location is 700 Acacia and 480 Foothill.

THE COMMISSION, before a jammed City Council Chambers, heard both Mr. Neutzell make a 20-minute presentation detailing plans for the development, and also more than an hour during which opponents presented their case. In addition, the latter presented a number of signed petitions. Questions of roads, traffic, water supply, fireplugs and the exact progression of the proposed development were gone into and will be again at the next meeting.

The commission denied proposed Baker-Marlow relocation of a building at the southeast intersection of W. Sierra Madre Blvd. and Michillinda. The building, to have been removed from 3712 Foothill, was described as so old that it would be better to construct an entirely new one on the site.

The Grotwiel consolidation of Lots 37-38, Tract 4450, the Hawkins lot split at 610 N. Auburn and the Cook variance to reduce the front setback to 10 feet at 575 N. Hermosa Ave., were all approved.

DAR Chieftains at State Confab

Mrs. Archie Frey, regent of Sierra Madre Chapter, DAR, accompanied by Mmes. Frederick Becker, Albert Meyers, Arthur Cade, DeForrest Baumbach, Ora Greer of Arcadia and Mrs. Harriet Taylor of Long Beach, attended the State Conference of DAR held at the Statler-Hilton in Los Angeles, from Tuesday through Friday.

A highlight was the address by Maj. George Jordan, USAF (Retired) on "Congress Has a Right to Know."

Mallon Heads Ticket (Continued from page one)

dates given pre-primary endorsements by Democratic organizations.

Ross Clark, insurance underwriter from Glendale, got the nod in the other Assembly District of the 24th Congressional, the 54th.

CHARLES LEE of West Covina provided the only contest when his name was placed in nomination for Congress. The vote was 97 to 17 in favor of Mallon. Lee first asked the convention not to endorse any candidate, but this motion was overwhelmingly defeated.

In accepting the nomination for Assembly, Gelber addressed the delegates as the "New 49ers," members of the new 49th Assembly District. He said that the "gold in the hills" for the "New 49ers" was the votes of the Democrats in the district and that these votes must be worked for with as much diligence and patience as the 49ers of old sought their gold.

In his acceptance remarks, Mallon said that the New Frontier "now needs to be homesteaded and developed" in order to make it a reality.

KEYNOTE SPEAKER at the convention was Assemblyman Thomas M. Rees, endorsed Democratic candidate for the State Senate post being vacated by Richard Richards. Rees praised the Brown Administration for its narcotics rehabilitation program.

Gelber was nominated by Emmet Patten of Monrovia, with seconding speeches by Mrs. Kathryn Tournay of Claremont and Jim Holt of Sierra Madre.

Members of 15 Democratic Clubs participated in the conventions, including Sierra Madre, Monrovia and Foothill Women's Democratic Clubs. There were 124 delegates present.

The Sierra Madre Club sent the largest single delegation, which included David Aronson, Leslie Chapman, Betty Crook, Edith Oane, Peter Fay, Paul Foote, Milton and Louise Gelber, Jim Holt, Judy Huber, Nina Howbert, Mabel Kay, Jim and Fritz Rogers, Pat Simmons, Keith Seegmiller and Dixie Tiller.

"EDUCATION is our No. 1 business in California," declared John E. Coleman, instructor of law at Southwestern University, addressing the Sierra Madre Democratic Club at its regular monthly meeting Monday night at the home of Mrs. Edith Dane.

"Sixty per cent of your tax dollars go to education and 10 per cent of all persons attending schools in the United States are enrolled in California schools, both public and private," he added. "Since we all share the burden of educational expenses, we are all naturally vitally concerned with strengthening the quality of education offered in the state."

Mr. Coleman's appearance before the club was part of the "March for the Governor" program sponsored by the California Democratic Council during the entire month of March to call to the attention of the voters the positive accomplishments of the Brown Administration.

THE CLUB RATIFIED the action of the 49th Assembly District Convention in endorsing Milton Gelber as candidate for Assembly. Other actions planning a "Get-acquainted" party in late April and a theater

benefit at the Lopez Gallery in June were also taken.

Twenty-three members and guests attended and refreshments were served by the hostess, Miss Charlotte Ewan and Mrs. Mavis Sheets.

North Sunnyside (Continued from page one)

following statement for the City Council:

"The Sierra Madre City Council feels that it would be appropriate if they made some statement on N. Sunnyside and the plan behind the steps taken to date."

"The canyon which has produced the debris and water which has reached N. Sunnyside is on the western limits of the property owned by the Monastery. The flow from this canyon has in years past been both southwest and southeast. This was pointed out on the USGS maps by the Los Angeles County Flood Control District engineers on their first inspection."

"Drainage from this area into Sunnyside was also considered by the Los Angeles county engineer in their storm drain design of 1935. Father Plus, in discussing this in Council meetings, mentioned that there was on old channel across the north flat part of their property which had been filled in by the material removed by the U. S. Corps of Engineers during the work done in Bailey Canyon in 1954."

"This area has not been subject to heavy runoff in recent years due to the light rains and growth on the hills and flat areas, but the Los Angeles County Flood Control District Engineers stated that with the fire, any heavy rains would again result in heavy runoff of water and debris and that while the exact path could not be predicted, it was highly possible that the flow at the mouth of the canyon would again turn east."

"THE CITY'S PLAN then was based on five factors: (1) The major area involved is private property and lies entirely within the City of Pasadena. The City of Sierra Madre has in general, little or no control over either of these parties. To control adequately the situation would require a substantial investment which could be removed by Pasadena or Murphy property at any time."

"(2) Due to the denuded condition of the Foothills there would possibly develop extremely heavy debris flows."

"(3) The debris can best be handled in relatively flat, open areas or in streets."

"(4) Once the debris is removed, the water can generally be contained in the steep north-south streets. The drain at Grand View and Sunnyside was designed and sized to take this water."

"(5) All indications were that this canyon had in the past drained southeast and that under heavy runoff it would again attempt to establish this flow pattern."

"THIS AREA has reacted generally as anticipated. The debris which the City put on the Murphy and Monastery property have not been a major factor in the debris flow. The major flow at the mouth of the canyon was south and east until it was turned back by the olive grove."

"The flat area on the monastery property has functioned to slow down the water and debris and the major portion of the material has been deposited there. The depositing in Sunnyside has resulted in a regrettable

nuisance condition but there has been no serious damage. This is in direct contrast to the other damaged areas where there has not been space to slow down and direct the flow and serious and heavy damage has resulted."

"The area is under continual review by the city and the Los Angeles County Flood Control District and if additional steps appear indicated, the City Administrator is empowered to take action. The permanent solution for the area is to work out a plan which will carry the flow between the major drain at Grand View and Sunnyside and the tract development in the City of Pasadena. These plans are being developed between the various parties at this time."

The N. Sunnyside Home Owners Group has arranged with the Flood Control District and U. S. Forestry Service for reseeding of the area, it was announced at Tuesday night's meeting. Harold Johnson, a Covina engineer, was assigned the task of co-operating with county authorities on the flood situation.

Baseball Tickets (Continued from page one)

Association and the Women's Auxiliary. It's a long list and could be longer if each person involved were individually named here. The important part is that all the help is gladly given in the name of the Sierra Madre Baseball Association.

You may be proud that your city has this excellent program available to its boys. Your support to the Sierra Madre Baseball Association may be given by purchasing Booster Tickets from your neighborhood Little League, or by calling Mrs. Robert Austad, EL 5-2677, or Mrs. George Throop, EL 5-9673, chairman of the Annual Booster Ticket Sale.

Anti-Red Petitions (Continued from page one)

where petitions may also be signed.

"Many petitions with 40 signatures each have already been filled and turned in," added Curtis, "with nearly 50 still in circulation and more going out every day. This campaign has clearly shown that the citizens of this area are overwhelmingly anti-Communist and are resolved to do everything they can to stamp out Communism in this state."

Curtis was asked if petition circulators were running into any opposition. His reply follows: "Enough to prove that the Communists and their sympathizers certainly don't like what we are doing. We ignore such unthinkable charges as what we are doing being un-American, that the Communists have as much right to be here as we have."

"Another charge that we often hear," explained Curtis, "is that this measure, if it passes, will drive the Communists underground. Any one who knows anything about Communists well knows," said Curtis, "that they are already underground in every way that they find it to their advantage. But if this measure passes it will outlaw in this state the flagrant, un-American activities now flaunted in our faces as well as make illegal most of their underground conniving."

THE LOCAL CAMPAIGN was started with a goal of 1,000 signatures. It has now

been raised to 2,000 or possibly 3,000.

"If you believe in protecting our cherished freedom," Curtis said, "you should see to it that your signature gets on one of these petitions, at once, or, better yet, that you get one to circulate on your street, at your club, your church or where you work."

"For complete information or to get a petition that you may circulate you may call on John H. Curtis, 304 West Sierra Madre Blvd., or telephone ELgin 5-3433."

Phone Firm Stock Split Is Assured

The Board of Directors of California Water and Telephone Company announced the record date for the 2 for 1 split of the common stock would be March 16, 1962.

They also declared a quarterly dividend of 18 cents a share on the split common stock, payable May 1 to stockholders of record April 9. A dividend of 36 cents a share was paid quarterly on the old stock prior to the split.

Phony Check Case (Continued from page one)

check had been forged, adding that it was part of a large package of blank checks which had been stolen when burglars broke into the establishment last November.

Police Chief Gordon G. McMillan put Officer Ben-scooter in charge of the case. The latter notified Downey police where 12 such checks had been cashed. Armed with the automobile license number, the latter swooped down upon a home in Montclair where they took into custody men giving the names of Norman Richlin and Fred King, and women answering to the names of Ruth Richlin and Beatrice Lewzie.

RICHLIN WAS HELD for a felony in connection with falsifying and passing checks; the other three are accused of forgery. The Richlin woman was to be turned over to Sierra Madre authorities, Downey detective headquarters announced. The credentials used by

the gang had been stolen from a Helen Augenlick in Pennsylvania. They included a registered nurses' and a gasoline credit cards.

The other business houses victimized here included Roberts Market, Happy's Beverage Store and Club 60, in each of which checks for \$80.66 were cashed. In each instance women were used to cash the checks.

Those who will have reached their 21st birthday anniversary by election day or who will have become United States citizens 90 days prior to election day may also register now, if they fulfill the residence requirements.

or who wish to change party affiliations must re-register by April 12 in order to be able to vote June 5.

Registrars in Sierra Madre are Mrs. Robert de Weese, 480 N. Lima; Mrs. Herbert Thew, 70 Windsor Lane; Mrs. L. M. Warfel, and Miss Delores Thill, City Hall, and Mrs. Kenneth Moyer, 46 N. Mountain Trail.

Lenten Speaker

First in a series of Sunday evening Lenten services will be held at Pasadena's First Christian Church, located on N. Altadena Dr., at Loma Vista, at 7:30 o'clock on Sunday night, March 25. Speaker for this introductory service will be Mrs. H. H. Kodani, prominent Southern California churchwoman.

Mrs. Kodani is one of two women appointed by President Kennedy to serve on a nine-member Committee for Traffic Safety.

On Sunday morning at the 8:30 and 10:45 o'clock services, Dr. Ford will continue a series of sermons on the Lord's Prayer, using the subject "Forgive Us."

2 Azalia Plants Stolen From Bank

Frank Dolph, manager of First Western Bank, reported to police that two azalia plants had been removed from the planter box on the east side of the bank door. Two on the west side were not disturbed.

All that certain territory of the City of Sierra Madre, California, included within the exterior boundary shown on the two sheets of maps entitled "Assessment District No. 74 Assessment Diagram," and hereinafter referred to as the "Plan" which was heretofore finally approved by the City Council of said City on the 14th day of November, 1961, indicating by said boundary lines the extent of the territory included within the proposed assessment district and which plan is on file in the office of the City Clerk of said City, EXCEPTING from the area shown within and delineated on the said plans heretofore referred to, the area of all public streets, public avenues, public lanes, public roads, public courts, public alleys, public parks, therein contained, and all lots or parcels of land belonging to the United States, or to the State of California, or to the County of Los Angeles, or to the City of Sierra Madre, or to any other public agency, which lot or parcel of land is in use in the performance of any public

Squaw Valley, Operated by Governor Brown's Friend, Costs State \$900,000 Loss

By Edwin Cafes
SACRAMENTO—(CNS)—A good question might be asked of the current State Legislature as to how long the State of California can continue to operate various ventures at a loss.

'Leadership' Is Discussed

In a recent auditorium program, Sierra Madre School children heard a discussion of leadership by Terry Chambers from the Pasadena Kiwanis Club. Chambers, also a parent at the school, awarded neckerchiefs to new physical education squad leaders in the upper grades. Vaughn Cummings, physical education consultant, assisted in the program.

Fourth grade squads will be headed by Holly Heimbrich, Mary Hauck, Bonnie George, Sandra Manley, Steve Moore, Doug Birch, David Darbyshire and Delchi Fafach.

Girls leading 5th grade squads are Denise Koch, Jana Kerr, Christine Redman, Leslie Fuller, Eloisa Mendosa and Christine Hollowell. Boys in charge are Bob Davis, Mark Sailor, Stephen Evans, Mark Neely, Allen George and Nick Owen.

IN THE 6TH GRADE leadership for girls is to be furnished by Sandy Hartman, Megan Cassidy, Mary Jayne Hawthorne and Deborah Richter. In charge of boys' teams are John Hillard, Mike Howard, Jack Ross and George Throop.

Other assembly features were songs by Mrs. Prober's 1st grade, one written by the class and others dealing with space; a song by Miss Bennett's 5th grade, and two others by the combined 6th grades. Leslie Fuller accompanied Miss Bennett's class, Mrs. Spaulding on others.

Student body officers handled the flag salute and all introductions were under the direction of President Jack Ross, assisted by Mike Howard and Patty Hawkins. Both Mr. Bowman and Mr. Mitchell appeared in familiar roles as musical directors.

J. Keppler Jr. Passes Away

A retired furniture salesman, Julius Keppler Jr., 84, of 261 Acacia St., Sierra Madre, passed away on March 16 in Sierra Madre Community Hospital after a brief illness.

Originally from Pennsylvania, he had been a Sierra Madre resident for 24 years. Surviving are a son, Richard A. Keppler, and two grandchildren, R. Gilpin Keppler Jr. and Janice Lynn Keppler, all of Sierra Madre.

Services were Saturday at 1:30 p.m., with Rev. George W. Lindsay of the Congregational Church officiating. Final Masonic rites will be in New Garden Friends Meeting Cemetery in New Garden, Pa. Ripple Mortuary was in charge of arrangements.

Faced with a \$2.9 billion budget, plus nearly a billion dollars in bond issues proposed by Governor Edmund G. Brown, much of the funds to supplement current expenditures, the Legislature possibly should be considering ways and means of reducing expenditures to avoid new taxes in the next year or so, rather than contemplating ending up with an anticipated deficit of \$2 million, possibly much more, at the close of the 1963 fiscal year.

The Legislature appears to be giving little more than lip service in efforts to make any substantial slices in the biggest budget ever for the state.

AN EXCELLENT sample of corners that could be cut showed up in a report on the operation of Squaw Valley, site of the 1960 Winter Olympics, prepared by a committee headed by Assemblyman Glenn E. Coolidge, R-Felton. The report estimated the state lost more than \$900,000 over a period of 21 months, during which the state facilities at the site were operated by a long-time friend of Governor Edmund G. Brown.

This friend, William A. Newsome is an officer of a company which holds a 28-year lease on the state's properties in the valley.

The Coolidge committee listed a total of three dozen contract violations which it says have been committed by the Squaw Valley Improvement Company. Yet the contract is being continued, at least for the time being, in spite of the committee's recommendation that new contracts be negotiated.

Kindergarten Registration

Sierra Madre School will register pupils to attend kindergarten next year on Wednesday, March 28, from 9 to 11 a.m.

Children residing between Michillinda and Mountain Trail in Sierra Madre are eligible if born on or before Dec. 2, 1957. Birth certificates are required.

Other necessary information to complete registration includes a health record of illnesses and immunizations, and telephone numbers of neighbors and places where parents are employed for emergency cards. It is not necessary for children to attend registration.

Sierra Mesa Pupils Study Conservation

Conservation activities were highlighted Saturday, March 10, when nine Sierra Mesa School pupils, Laura Crehan, Tom Fleming, Cathy Forest, Elise Foxton, Ernie Lommatsch, Joyce Pollock, Birgit Rebstock, Georganne Wilson and Tom Pollock, attended the Youth Conference on Conservation at Wilson

Junior High School. Tom Fleming, one of the 5th graders, reported on the keynote speaker, Ted Robertson, assistant forest supervisor, Angeles National Forest, who discussed water conservation under the title

of "The Big Raindrop and the Steep Mountain." His 35-minute talk told his audience how California was once a lush garden with tall trees, crystal lakes, bubbling streams and many animals. When man came he

turned it into an arid wasteland. Mr. Robertson stressed the importance of preserving, protecting and enjoying what is left.

TOM POLLOCK wrote about the film, "Saving Nature Next Door," produced by

the Sierra Club. Ernie Lammatsch described the exhibits on erosion and water conservation. Interest in sea water conversion has been evident since Larry Saylor, 6th grader, recently brought a

sample of the product to school from the San Diego plant, where his uncle is an engineer, according to Ralph Pinney, teacher of the 5th grade and school representative on the community-wide conservation commit-

tee. Ken Moyer and Edward Riggins, fathers of Sierra Mesa pupils, have had a share in the success of this demonstration plant which held a dedication ceremony also on March 10.

"He that ruleth over men must be just, ruling in the fear of God. And he shall be as the light of the morning... as the tender grass springing out of the earth by clear shining after rain." — Last Words of King David. Old Testament.

N. Sunnyside Situation Calls for Sane Approach

This newspaper calls for a renewed and thorough appraisal by City Council of the N. Sunnyside flood-mud situation.

Likewise, it calls for a sane and calm approach to such action by residents of that afflicted area, minus the theatrical hysterics manifest in sensational articles given to an out-of-town newspaper.

There seems to be no reason for unreasonable outbursts by the residents; and there apparently is no reason why City Council, plus engineering brains, with cooperation from the residents, cannot work out a satisfactory solution to the problem which already has become a political football.

THE IDEA that no solution is possible is of course, so much hogwash. Also the approach of N. Sunnyside residents has been anything but conciliatory.

The SIERRA MADRE NEWS calls on both members of Council and N. Sunnyside residents to again canvass the situation thoroughly — and in a calm manner — to determine what can be done — then do it.

And Eddie Brown Giggles

We hold that former Vice President Richard M. Nixon and Assemblyman Joe Shell, both seeking the Republican gubernatorial nomination at the June primary elections, should be spanked — politically by the party's leaders and organization in this state for bringing the John Birch Society into their statements and arguments.

Both should have known better — should have been wiser politically, for they have split the Republican party in this state right down the middle, while Eddie Brown sits on the Democratic fence and giggles.

This newspaper editor does NOT belong to the John Birch Society, and as stated before, has no intention of joining it. He believes rather — and strongly so — in parliamentary government as the proper method for solving our difficulties, and under the present Democratic national and state regime, we have plenty of those difficulties.

SEEMS TO US that both Nixon and Shell should have exercised better political judgment, especially in view of wounds incurred during the 1958 Knowland-Knight fiasco in which, incidentally Nixon had a hand. It wasn't necessary at all for these candidates for the state's highest office to bring the Birch Society issue out into the open — now they are fighting each other instead of fighting the Democrats.

Will the inept state Republican leadership stop them from many further mistakes of the sort, especially in a year when the fumbling tactics of Governor Brown can make possible a Republican victory next fall? Perhaps that is too much to expect, and by the way, what is the Republican state leadership doing in undertaking organization of a vigorous working personnel in everyone of the 26,000 precincts in California?

SUCH A WELL-KNIT aggressive organization might prove the fulcrum of victory in November, overcoming the disadvantages of the weak state leadership. Maybe that is too much to hope for. We wonder.

No Telegraph Office

Mayor W. Webster Vannier put his finger on a sore spot for Sierra Madre and adjacent area at the last City Council meeting.

He pointed out — forcibly and rightly — that Sierra Madre has no telegraph office; if you wish to send a telegram it is necessary to telephone either the telegraph company's offices in Pasadena or Arcadia, thus entailing an extra telephone cost. If you receive a telegram it is read to you over the telephone from either Pasadena or Arcadia, another extra cost for the phone call.

Such a method also is fraught with the possibilities of mistake.

THIS IS of course, another example of monopoly — lack of competition.

There are 20,000 people in Sierra Madre, Hastings Ranch, Sierra Madre Villa, the Oaks-Highland and Rosemead-Foothill areas which constitute this territory. Yet there is no telegraph office here to serve them.

It might be a good idea if the telegraph company got on the ball in this respect and established an office here. Meanwhile, we suggest that Mayor Vannier engineer a resolution to this effect in City Council — then forward it to the telegraph monopoly.

Sierra Madre Splendor

Poetry is something most editors today shy away from. Aside from the New York Times and the Christian Science Monitor newspapers, as a rule, speedily consign submitted poetry to the wastebaskets. A few have their own "poet laureate" who dutifully each day lace out a poetic effort, some bucolic, on their typewriters, some good, some gosh-awful bad.

This newspaper makes it a point not to publish poetry, but now and then we violate this rule when something worthwhile (local) comes to us. Such is the case with one titled "Sierra Madre," by Daisy Marsh MacFarlane of 142

Our beautiful Sierra Madre lies;
And like a mother when her day is done

To misty blue, and as the night descends
The fragrance from the hillside orange grove
Increases. In magnificence day ends

Our mountain mother here,
Preserver, guardian of the life she holds
Upon her steep — the fox, the faun, the deer —
Keep watch for us; her mystery enfolds
Our quiet world and makes us glad to be
Where Sierra Madre stands in wondrous majesty.

Sehr Gute, Mrs. MacFarlane. But don't tempt us again — we have a weakness when it comes to the beauty of the written word.

News From Sacramento ...

Would Checkmate Billion Bond Issues

By Henry MacArthur

Capitol News Service—
Special to the Sierra Madre News

SACRAMENTO — First move of the Republican caucus of the Legislature, it has been announced, will be an effort to eliminate consideration of any bond issues, as proposed by Governor Edmund G. Brown, at the June primary election.

Governor Brown announced he will ask the Legislature for four bond issues, totaling nearly a billion dollars. Two of these, one to extend loans for construction of schools in impoverished districts, for \$200 million, and the second for \$270 million for state construction he proposes to place on the June ballot.

The other two, \$100 million for acquisition of more beaches and parks land, and \$250 million to continue the veterans farm and home loan program, would be on the November ballot.

THE ONLY REASON for splitting up the bond issues, according to Bruce V. Reagan, R-Pasadena, chairman of the bond sub-committee of the caucus, is to "deceive the people." Reagan points

out there is no necessity for the two proposals going on the June primary ballot, for the simple reason sufficient funds are left to continue the program affected for the remainder of this fiscal year, and a good part of the next fiscal year.

"Therefore," Reagan declares, "the only purpose of splitting the bond issues and forcing them on the people in two separate elections is to feed it to them piecemeal, so the blow will not be so heavy either time."

"But no matter how the issues are presented, it still amounts to the same thing. The people should know how much they are getting into debt and should be able to decide whether they want to or not at one time."

ON THE POSSIBILITY of the Republicans stopping presentation of the two issues in June, Reagan is hopeful. He says a two-thirds majority of the Legislature is necessary to get the issues on the June ballot, and declared the Democrats don't have the necessary two-thirds.

"We're going to stick together on this," Reagan said

of the Republicans. "We have commitments from all Republicans in the assembly, save two, and we'll have those later, we hope. This means that a two-thirds majority being necessary, the Democrats can't get the bond issues passed on an urgency basis."

Brown has been criticized on the Republican side for presenting some of the proposed bond issues at all, on the theory they are not necessary, and that if the people want the money spent, it should be spent out of current revenues.

ALSO, IT HAS been pointed out that the Governor's budget is in the neighborhood of \$2.9 billion, and that the four bond issues merely add another billion dollars to long term debt, which properly should be in the budget.

However, the budget couldn't stand additions of this type without inauguration of new taxes. And during an election year, it is not political to ask for new taxes. Hence, the proposed bond issues. It is predicted the request for new taxes will come next year.

less than an inch of rain. What will happen if we have prolonged, heavy rain?

I AM SURE that the Council and city administrators are genuinely concerned about the welfare of all the citizens of our community (notwithstanding some of the intemperate remarks made by our mayor); however, their inability or unwillingness to take decisive action regarding the Sunnyside flood situation leaves much to be desired and, in fact, may lead to a major disaster.

Letters to the Editor

NOTE TO MR. ARTHUR RAGEN: We do print letters to the Editor, providing the contents are mature. Neither your first nor second letters, in our belief, meet this category; consequently they have not been printed. Your letters carried no address — as a result, they were not returned.

Dear Editor: I have been chairman of a committee of citizens in the 49th Assembly District, trying to encourage persons to run for the office of assemblyman in this district.

Your paper, together with other papers in the district, have been most helpful in publicizing our interest in obtaining Democratic candidates for the recent Endorsement Convention. This is a public service which helps to maintain our two-party system and to make public debates and choices on issues of statewide importance.

However, your paper in its story at the bottom of page 4 carried an error in announcing the names of the committee. I would be grateful if you could correct the error, since the press release that we sent out on the committee emanated from me and there is some thought that I may be to blame for the story.

The error is this: Mrs. Nancy Seegmiller is not a member of the committee and does not participate in the work of the committee. Her husband, Keith Seegmiller is council chairman of the Democratic Council of this district. Prospective candidates should not contact Mrs. Seegmiller, as indicated by your story; they should get in touch with James Holt, 571 Ramona, or Mrs. Mary Moyer of 46 N. Mountain Trail.

I WOULD HOPE you could make this correction in your issue of this week, because it would be unfair to prospective candidates for them to try to contact Mrs. Seegmiller and find that she is not connected with the committee.

A correction by you showing that her name was printed in error and that no calls should be made to her on the matter, or to Mr. Seegmiller, would be very helpful.

I am sure you will know how to correct this in a way which will be fair to the parties involved and the members of the Democratic committee.

—STEPHEN I. ZETTERBERG
Chairman,
Candidate Development Committee

Dear Editor:

The residents of North Sunnyside were informed at the City Council meeting of March 6 that nothing more can be done to alleviate the serious flood hazard that now exists in this area of the city.

It is difficult for me to comprehend how such a conclusion can be reached, either on legal or moral grounds, concerning a situation that was created by our city fathers.

The problem is critical now and will persist for some years to come.

Property damage, a substantial decrease in property value, and a constant state of anxiety as to the extent of damage the "next time"

have already been manifest as a result of their action. At a previous Council meeting the Council voted to construct a berm to re-channel (divert) water and debris on to monastery property and thus down Sunnyside.

AT THAT TIME the Council felt that the injury and damage that could occur to other residents versus Sunnyside residents was in a ratio of 4 to 1. This estimate was undoubtedly accurate; however, it is little comfort to be included in this ratio even at the lower end.

I sincerely hope that the berm has helped to protect other property owners, but fail to understand that in so doing the Council now states that nothing can be done to protect the people on whose property the mud, water, and debris have been shunted (diverted).

During the short rainfall of March 6 a three-foot wall of water and debris, including boulders weighing in excess of several hundred pounds, came crashing down Sunnyside. This the result of

NEW YORK—Several danger signals are beginning to appear along the path of the nation's discount house operators. The discounters emerged after World War II, setting up stores in abandoned mills or warehouses and selling at sensationally low prices, made possible by their low rents, inelegant surroundings, minimum sales service. Now they are being threatened by over expansion from within and increasing competition from without.

Most discounters, to be sure, are optimistic about the industry's future, but more cautious elements are alarmed by the rapid increase in discount stores being opened. Saturation of the discount market, they feel, will destroy the large volume sales potential which is the discounters' lifeblood.

Conventional retailers, anxious to recoup the consumer dollar they lost to discount houses, have established "private labels," branch stores, and numerous convenience and service features. They have recaptured many customers from the discounters.

The most recent threat is the collaboration between appliance manufacturers and food chain stores. In this tactic the chains "sell" appliances to customers at liberal savings by accepting grocery tapes as credit toward appliance purchases. Some discounters believe that a major loss of hard-good sales, which built discounting's reputation, would deal a death blow to the business.

THINGS TO COME — A Tennessee manufacturer recently marketed a plastic "brunch bag" with room for sandwiches, vacuum bottle and dessert; the bag has a plastic carrying handle.

News of the Churches

Hesse Topic to Be 'Bread of the Spirit'

In the 10:30 a.m. Sunday worship service at Faith Lutheran Church, 835 Hastings Ranch Dr., Rev. Armin Hesse will center the worshippers' thoughts on the words of Jesus, "I am the Bread of Life." In announcing the pulpit theme, "The Staff of Spiritual Life," he remarked:

"We commonly refer to bread as 'the staff of life' because this ordinary food is sufficient to sustain physical life. But this life of ours has more than a physical aspect; it also has a spiritual component which needs attention and nourishment. When properly fed, the spiritual will outlast the physical; in fact, it will result in the resurrection of the physical to heavenly life."

The 9:15 a.m. Sunday School session will comprise a review of all first quarter lessons. Last week the Sunday School staff took note of the State Sunday School Teachers' convention of the Lutheran Church—Missouri Synod to be held July 6-8 at the Lafayette Hotel in Long Beach.

In the 7:30 Wednesday evening Lenten service, Rev. Hesse will continue his series of sermons on "Some Timely Exposures of the Cross" by viewing the precepts and prohibitions of the Seventh Commandment in light of Christ's Cross under the theme, "Protecting Personal Property."

A brief meeting of the Voting Assembly will be held after the Sunday morning service to consider the proposed regulations and the approval of candidates for the district position of stewardship counselor.

The Pastor's Adult Class, designed especially for non-members who are interested in the teachings and practices of the church, will meet on Monday night, 8 to 9:30 o'clock.

Foundations of the new church sanctuary were scheduled to be poured during the first days of this week. The laminated trusses for the structure were delivered last week. Daniel Bros. Construction Co. is in charge.

Methodist Men to See Narcotic Film

The Methodist Men of Sierra Madre will meet in the Parish House, Monday, March 26, to hear Rev. P. E. Friedman speak and show film on "Narcotics," a documentary, produced by the Narcotic Education Foundation of America.

The 16-mm. motion picture was produced to promote wider education and understanding of the narcotic problem from the social, psychological and legal standpoints.

The film depicts methods of using the drugs, how drugs enter our country, effect the drug has on the body, and how it contributes to crimes against society, and psychologically the addict has little chance to overcome this habit, even after pronounced physically cured.

THE POLICE Department of New York City has found that drug addiction is usually the result of the following causes: (a) lack of constructive home and religious influence, (b) bad company and gang influence, (c) idle curiosity, (d) relief of pain or fatigue, (e) an attitude of trying anything once.

Parents, teachers, senior high youths and the public are cordially invited to see the film, and hear Rev. Friedman speak at 8 p.m., following the regular Christian fellowship monthly meeting of the Methodist Men.

MYF Is Headed By Linda Ashead

Linda Ashead has been elected president of the Methodist Church MYF, together with the following officers designated to assist her for the ensuing six months:

Jim Hill, vice president; Marilyn Kirk, treasurer; Janet Adams, secretary; Melissa Swengel, publicity; Janice Fletcher, faith; Rhea Youde, citizenship; Cathy McClane, fellowship; Peter Dyer, witness, and Seth Jensen, outreach.

Bethany

The Board of Deacons of Bethany Church of Sierra Madre will travel to Forest Home Christian Conference Center Saturday of this week for their annual Board Retreat. They will spend the day discussing future plans for the church and the various committees within the board will report on their activities. Earl Anstadt of San Gabriel is board chairman.

At the 8:15 o'clock worship hour next Sunday morning, Rev. Jack Grube, former Air Force chaplain and now with World Vision, Inc., of Pasadena, will speak as a guest minister. Dr. Robert N. Schaper, church pastor, will speak at the 11 a.m. worship hour on "The Events of Wednesday," which is a continuation of the Lenten series on Passion Week.

IN THE EVENING, Pastor Schaper will speak from the Old Testament on "A Bird's Eye View of the Bible." This is in conjunction with the program which the congregation has undertaken this year which has as its theme, "Read the Bible Through in 1962," and more than 250 people have signed up to do this. As nearly as possible, messages on Sunday evening coincide with that portion which the people have been reading for that week.

Quite a number of persons from Bethany Church will attend the Pasadena Christian Endeavor Banquet this coming Friday at the Lake Avenue Congregational Ethel Waters, famed Negro musical artist, will be the special guest and Rev. Ron Creclius of the host church will speak.

Two Classes to Be Opened at Shepherd

New members will be received by Shepherd of the Hills Lutheran Church, Sierra Madre, on Palm Sunday, April 15, according to Rev. Ray E. Hansen in announcing two classes of instruction are now offered.

One is at 9 a.m. each Sunday, before the worship at 10:10 a.m. The other class is at 8:30 p.m. Wednesdays, following the midweek Lenten service at 7:30 p.m.

"These classes on Christian beliefs are open to members and those inquiring into church membership," the pastor said. Already several families and individuals are planning to unite with the church Palm Sunday.

Continuing the Lenten Series

On the miracles of Christ, the pastor will preach Sunday, March 25, on "Dispossessing the Demons," based on Luke's account of Christ's action in driving the evil spirits out of the daughter of a Canaanite woman.

The choir, directed by Charles E. Markham, with Courtney Goff as organist, will offer "Turn Ye to the Lord."

WHAT WILL
HER LIFE BE LIKE
IN THE
ALL-ELECTRIC
FUTURE?

Before her 10th birthday, she'll probably push a button and see a complete meal arrive automatically at the table. By the time she's married, an electromagnetic housekeeper will awaken her, prepare the toast and coffee, open the garage door and warm up the car. These new ideas in modern living depend on electricity.

The electric industry continues to lead in the research to find new ways to produce and use electricity. And logically so. Electricity is our business.

We have already produced it a number of new and different ways, involving the use of fuel cells, nuclear energy, thermionic conversion and magnetohydrodynamics. Whatever the source, electrical energy is limitless, and Southern California Edison will continue to bring you an abundant, dependable supply at the lowest possible rates.

The second session meets on Friday, March 23, and has the privilege of having as guest conductor, Father Stellar, social relations director of the diocese. It is a subject which is of vital concern to all Christians at this time. A question and answer period will be included and everyone is welcome to attend.

THE EVENING study group, conducted by Father Miller, will meet on Friday, March 24, at 8:30 p.m. following Stations of the Cross and Benediction of the Blessed Sacrament at 7:45 p.m. No reservations are necessary and all are welcome.

Presbyterians Seek End of Poker Palaces

United Presbyterians of the Southland have gone on record as favoring "abolition of all legalized draw poker establishments" throughout the state, in a resolution adopted last week (March 14) by Los Angeles Presbytery.

The resolution, presented by Rev. John R. Stewart, Inglewood pastor and chairman of the Presbytery's committee on church and society, reminded the delegates of an initiative measure on the ballot of the city of Gardena's municipal election on April 10 "that would abolish poker parlors now operating legally there, blighting the community and spreading the evil ef-

fects of gambling to surrounding communities."

The resolution is to be sent to "the proper authorities," including the members of the California Legislature.

AT THE SAME MEETING, Dr. Robert W. McClellan, pastor of the La Jolla Presbyterian Church, was elected moderator of the Presbytery for the summer term. He will be installed May 8, and will serve six months.

In his annual statistical report, Dr. O. Scott McFarland, stated clerk of the Presbytery, reported a total membership of 161,313, as of last Dec. 31, in the 201 individual churches in Los Angeles, Orange and San Diego Counties and Hawaii. Money contributed through the congregations in 1961 for all church causes totaled \$15,595,814.

Christian Science Topic 'Substance'

How to gain dominion over lack and limitation will be explained in the lesson-ser-

mon on "Substance" in all Christian Sciences churches Sunday.

Assurance of unlimited abundance is presented in the Bible selections including these verses from the Psalms, "How precious also are thy thoughts unto me, O God! how great is the sum of them." "For the Lord God is a sun and shield: the Lord will give grace and glory: no good thing will be with-

held from them that walk uprightly. O Lord of hosts, blessed is the man that trusteth in Thee." (139:17, 84: 11, 12).

BB 'Gunmen' Keep Edison Force Busy

The "BB-Busters" made last Thursday night miserable for Robert H. Green and associates of the Southern California Edison offices in Sierra Madre. In rapid succession BB pellets broke street lights in various hillside areas, the young "gunsters" disappearing rapidly from each location to show up soon after at another. The Edison force was kept busy making repairs.

'Zip Gunners' War Averted

Sierra Madre police were put on the alert last Friday night by reports of an impending battle between the Colbert Manor gang and an opposing group of juveniles scheduled for the Brookside Lane area, and in which "zip guns," a deadly weapon, were to be used. They were alerted by J. R. Kriskey of 801 Brookside, according to

police reports. Careful watch by police prevented such outbreak. "Zip guns" are home manufactured weapons which shoot a .22 caliber bullet.
